Hike The Hancocks

Moderate Hike | 10 participants/hike

The Hancocks are a nine-mile “out-and-back” hike starting in Lincoln, NH off the Kancamagus Highway not far past Loon resort. We will traverse into the forest for beautiful below treeline hiking before climbing steeply to summit both Mount Hancock and it’s Southern partner, both 4,000 footers on the NH48 List. A steep climb up rewards you with just as steep of a climb down, no matter which direction you summit the two peaks via the summit loop, a fun and rewarding hike all around!

Distance	Elevation Gain	Hike Score	Time on Feet	Expected Pace
9.0 miles	2,800 ft	225	6:00 Hours	40:00 min/mile
